- 7. If a household so requests, the service manager may temporarily remove a household from the list for a period of time agreed upon by the service manager and the household.

  - i. by selecting the highest priority household from among the relevant households, or
  - ii. after information about the vacancy has been made available to the relevant households, by selecting the highest priority household from among the relevant households that express interest within the specified time period.
- 3. If the method under subparagraph 2 i is used, a household with a lower priority may be selected if every other relevant household with a higher priority has been given an offer but has not accepted within a reasonable time.
- 4. If the method under subparagraph 2 ii is used, a household with a lower priority may be selected if every other relevant household with a higher priority that expressed interest within the specified time period has been given an offer but has not accepted within a reasonable time.
- 5. The housing provider may select a household, regardless of whether or not the household is on the centralized waiting list required under section 46, if the household,
  - i. occupies another unit operated by the housing provider in the service area,
  - ii. is already receiving rent-geared-to-income assistance, and
  - iii. has requested a transfer to another unit operated by the housing provider in the service area.
- 6. In selecting a household under paragraph 5, the housing provider shall give a household in the special priority household category priority over a household that is not in the special priority household category.

  - ii. the household is already receiving rent-geared-to-income assistance,
  - iii. the household has requested a transfer to a unit in the service manager's service area,

- 8. A household may be selected only if the vacant unit is of a size and type that is permissible for the household under section 46 of the Act.

(2) In subsection (1),

“relevant household” means, in relation to a vacant unit, a household that has expressed a preference for the housing project where the unit is located and for whom the size and type of the vacant unit is permissible under section 46 of the Act.

(3) For greater certainty, section 48 of the Act does not apply with respect to a selection described in paragraph 5 or 7 of subsection (1).

**System requirements — selection of already accommodated households**

**48.** A service manager’s system for selecting households must include rules that provide for the following:

1. The housing provider may, with the approval of the service manager, select a household that already occupies a unit in a designated housing project as a household to receive rent-geared-to-income assistance.
2. A selection under paragraph 1 shall be made, in accordance with the service manager’s determination of priority under section 48 of the Act, from among the households that are on the centralized waiting list required under section 46 and that already occupy units in the housing project.

**System requirements — alternative housing provider**

**49.** (1) A service manager’s system for selecting households must provide for the rules described in subsection (2) to not apply to an alternative housing unit if the alternative housing provider agrees.

(2) The rules referred to in subsection (1) are the rules under the following provisions:

2. Section 47, paragraphs 2 to 4.

(3) In this section,

“alternative housing unit” means a unit in a housing project operated by an alternative housing provider that is made available to households that are homeless or hard to house.

**System requirements — refusals by housing provider**

**50.** (1) A service manager’s system for selecting households must include rules that permit a housing provider, despite any other rule, to not offer a household a unit in a housing project described in subsection (2), in any of the following circumstances:

1. The housing provider has a mandate under section 76 of the Act and offering the unit to the household would be contrary to that mandate.
2. The housing provider has reasonable grounds to believe, based on the household’s rental history, that the household may fail to fulfil its obligations to pay rent for the unit in the amount and at the times the rent is due.
3. The housing provider is a non-profit housing co-operative and the household does not agree to accept its responsibilities as a member of the housing provider or the housing provider has reasonable grounds to believe that the household will not accept or will be unable to accept those responsibilities.
4. The unit is one in which individuals will reside in a shared living situation and the housing provider has reasonable grounds to believe that it is unreasonable for the household to reside in the shared accommodation.

(2) A housing project referred to in subsection (1) is a designated housing project to which the housing program with the program category 1 (a), 1 (b), 6 (a) or 6 (b) in Schedule 1 applies.

(3) The service manager’s system for selecting households must include rules that provide for the following if a housing provider refuses, under a rule under subsection (1), to make an offer to a household that it would otherwise have been required to make:

2. If the household so requests, the housing provider shall review the decision to refuse to make the offer.
3. The rules under paragraphs 1 and 2 apply only to the first refusal by a housing provider to make an offer to a household and not to subsequent refusals by the housing provider with respect to the same household.

**System requirements — rules for special needs housing**

**51.** A service manager’s system for selecting households must include rules that provide for the following in relation to special needs housing:

1. None of the rules under section 47 to 50 shall apply with respect to special needs housing.

1. A household in the special priority household category has priority over a household that is not in the special priority household category.
2. The priority of households in the special priority household category is determined by the date a household requested to be included in the category, with a household with an earlier date having priority over a household with a later date.
3. Unless a service manager's priority rule provides otherwise in accordance with subsection (2), the priority of households that are not in the special priority household category is determined by the following dates, with a household with an earlier date having priority over a household with a later date:
  - i. the date a household's application for rent-geared-to-income assistance was complete, or
  - ii. in the case of a household that is already receiving rent-geared-to-income assistance but has applied to be added to the centralized waiting list required under section 46 because the household wishes to be transferred to a unit of a different housing provider, the date the household made that application.

(2) A service manager's priority rule may provide for a different result from the result under paragraph 3 of subsection (1) but only if that priority rule provides that the amount of time a household has been on the centralized waiting list required under section 46 is a factor in determining the relative priorities of households that are not in the special priority household category.

##### Special priority household category, para. 48 (2) 1 of the Act

**53.** The rules in sections 54 to 58 are prescribed, for the purposes of paragraph 1 of subsection 48 (2) of the Act, as provincial priority rules for determining if a household is in the special priority household category.

  2. The service manager is satisfied that the abuse is ongoing at the time the request to be included in the special priority household category was made.
  3. The service manager determines that it is appropriate to include the household in the special priority household category despite the request to be included not being made within the time limit set out in paragraph 1.
- (3) In making a determination under paragraph 3 of subsection (2), a service manager shall consider whether,
- (a) any member of the household knew that he or she could request to be included in the special priority household category;

  - (d) the abused member is at risk of resuming living with the abusing individual due to financial hardship which could be alleviated by the provision of rent-geared-to-income assistance;
  - (e) the abused member is in need of rent-geared-to-income assistance to alleviate financial hardship arising from legal proceedings in relation to the previous abuse;

- (f) the abused member is attempting to use the provision of rent-geared-to-income assistance as part of an overall program of recovery and re-establishment of a safe and normal life;

  - (a) the member who made the request to be included in the special priority household category,
    - (i) notifies the service manager that he or she wants the abusing individual to be part of the member's household for the purposes of the member's application for rent-geared-to-income assistance, or
    - (ii) notifies the service manager that the abusing individual is deceased; or
  - (b) the household accepts an offer of rent-geared-to-income assistance, whether or not that offer comes from a housing provider within the service area of the service manager.

(2) If a household with one or more members who required provincially funded support services has been determined to be eligible for special needs housing, the household does not cease to be eligible under subsection (1) because all such members no longer require those services unless all such members have permanently recovered from the condition that necessitated the provision of those services.

**PART I  
PRELIMINARY**

**Interpretation**

**1.** In this Regulation,

“fiscal year” means the fiscal year of the housing provider;

“housing projects” means Part VII housing projects in the service area of the relevant service manager.

**Regulation provides for subsidies, s. 78 of the Act**

**2.** This regulation provides for the subsidies a service manager is required to pay to a housing provider under section 78 of the Act.

**Subsidies for Part VII housing projects in service area**

**3.** A service manager is only required to pay a subsidy to a housing provider that operates a Part VII housing project in the service manager's service area.

**PART II  
DETERMINATION OF SUBSIDY**

**Application of Part**

**4.** This Part applies with respect to the subsidy that a service manager pays a housing provider unless the housing provider is set out in the Schedule opposite the service manager.

**Determination under this Part**

**5.** The amount of the subsidy for a fiscal year that a service manager shall pay a housing provider shall be determined using the following formula,

$$\text{IBOpCosts} + \text{SMCosts} - \text{IBRev} + \text{RGISub} + \text{PTx} - \text{Sur}$$

in which,

“IBOpCosts” is the provider's indexed benchmark operating costs for the fiscal year in respect of its housing projects determined under section 6,

“SMCosts” is the provider's shelter mortgage costs for the fiscal year in respect of its housing projects determined under section 15,

“IBRev” is the provider's indexed benchmark revenue for the fiscal year in respect of its housing projects determined under section 7,

- “RGISub” is the provider’s rent-geared-to-income subsidy for the fiscal year in respect of its housing projects determined under section 8,
- “PT<sub>x</sub>” is the property taxes payable by the provider for the fiscal year in respect of its housing projects, and
- “Sur” is the amount equal to 50 per cent of the provider’s surplus for the fiscal year in respect of its housing projects determined under section 9, or such lesser amount as the service manager may determine.

#### Indexed benchmark operating costs

6. (1) For the purposes of section 5, the housing provider’s indexed benchmark operating costs for a fiscal year in respect of its housing projects is the amount determined by,

- (a) calculating the indexed benchmark operating cost for the fiscal year for each item listed in the Table to this subsection by,
  - (i) expressing as a decimal number the operating cost index for the item for the fiscal year, as determined by the Minister under subsection (2) or (3),
  - (ii) adding one to the number determined under subclause (i), and
  - (iii) multiplying the indexed benchmark operating cost for the item for the prior fiscal year by the number determined under subclause (ii); and
- (b) calculating the sum of the indexed benchmark operating costs determined under clause (a) for all the items.

TABLE

Item No.	Item	Index
1.	Administration and maintenance	Ontario Consumer Price Index (All items), as published by Statistics Canada.
2.	Insurance	Ontario Consumer Price Index (Homeowners’ home and mortgage insurance sub-index), as published by Statistics Canada.
3.	Bad debt	Market rent index, as determined under section 10.
4.	Electricity	Ontario Consumer Price Index (Electricity sub-index), as published by Statistics Canada.
5.	Water	Ontario Consumer Price Index (Water sub-index), as published by Statistics Canada.
6.	Natural gas	Ontario Consumer Price Index (Natural gas sub-index), as published by Statistics Canada.
7.	Oil and other fuel	Ontario Consumer Price Index (Fuel oil and other fuel sub-index), as published by Statistics Canada.
8.	Capital reserves	Ontario Consumer Price Index (All items), as published by Statistics Canada.

(2) For the purposes of subclause (1) (a) (i), the operating cost index for an item listed in the Table to subsection (1), other than for item 3, is determined by,

- (a) dividing the index listed in the Table opposite the item for May of the calendar year before the year in which the fiscal year begins by that index for May of the calendar year before that;
- (b) subtracting one from the number determined under clause (a);
- (c) expressing the number determined under clause (b) as a percentage.

(3) For the purposes of subclause (1) (a) (i), the operating cost index for item 3 of the Table to subsection (1) is the market rent index determined under section 10.

(4) To reflect a change in the circumstances of a housing provider, the Minister may, after consulting with the housing provider and the service manager, determine a different indexed benchmark operating cost for the fiscal year for an item to be used instead of what would otherwise be calculated under clause (1) (a).

#### Indexed benchmark revenue

7. (1) For the purposes of section 5, the housing provider’s indexed benchmark revenue for a fiscal year in respect of its housing projects is the amount determined using the following formula,

$$\text{IBRev}(\text{MarkRent}) - \text{IBVacLoss} + \text{BNonrentRev}$$

in which,

- “IBRev(MarkRent)” is the provider’s indexed benchmark revenue for market rent for the fiscal year in respect of its housing projects determined under subsection (2),
- “IBVacLoss” is the provider’s indexed benchmark vacancy loss for the fiscal year in respect of its housing projects determined under subsection (3), and
- “BNonrentRev” is the provider’s benchmark non-rental revenue for the prior fiscal year.

(2) For the purposes of subsection (1), the housing provider's indexed benchmark revenue for market rent for a fiscal year in respect of its housing projects is the amount determined by,

- (a) expressing as a decimal number the market rent index determined under section 10;
- (b) adding one to the number determined under clause (a); and
- (c) multiplying the provider's indexed benchmark revenue for market rent for the prior fiscal year by the number determined under clause (b).

(3) For the purposes of subsection (1), the housing provider's indexed benchmark vacancy loss for a fiscal year in respect of its housing projects is the amount determined by,

- (a) expressing as a decimal number the market rent index determined under section 10;
- (b) adding one to the number determined under clause (a); and
- (c) multiplying the provider's indexed benchmark vacancy loss for the prior fiscal year by the number determined under clause (b).

(4) To reflect a change in the circumstances of a housing provider, the Minister may, after consulting with the housing provider and the service manager,

- (a) determine a different benchmark non-rental revenue for the fiscal year instead of what would otherwise be used in the formula under subsection (1); or
- (b) determine a different amount for the fiscal year to be used instead of what would otherwise be calculated under subsection (2) or (3).

#### **Rent-geared-to-income subsidy**

8. (1) For the purposes of section 5, the housing provider's rent-geared-to-income subsidy for a fiscal year in respect of its housing projects is the amount determined using the following formula,

$$\text{MarkRent} - \text{RGIRent}$$

in which,

"MarkRent" is the lesser of,

- (a) the total of the provider's indexed benchmark market rent, determined under subsection (2), for the fiscal year from the rent-geared-to-income units in the provider's housing projects, and
- (b) the total of what the rent would be for the fiscal year from the rent-geared-to-income units if no rent-geared-to-income assistance was given in respect of those units, and

"RGIRent" is the rent payable to the provider for the fiscal year by the households accommodated in those rent-geared-to-income units.

(2) For the purposes of subsection (1), the total of a housing provider's indexed benchmark market rent for a fiscal year from rent-geared-to-income units in its housing projects is the amount determined by,

- (a) expressing as a decimal number the market rent index determined under section 10;
- (b) adding one to the number determined under clause (a); and
- (c) multiplying the number determined under clause (b) by the total of the provider's indexed benchmark market rent for the prior fiscal year.

#### **Surplus**

9. (1) For the purposes of section 5, the housing provider's surplus for a fiscal year in respect of its housing projects is the amount determined under this section.

(2) If the housing provider's accumulated surplus in respect of its housing projects, determined under subsection (6), at the beginning of the fiscal year or the beginning of any previous fiscal year for which the service manager paid the housing provider a subsidy under section 78 of the Act or section 102 of the former Act is equal to or greater than the product of \$300 multiplied by the number of units in the provider's housing projects at the beginning of the fiscal year or that previous fiscal year, as the case may be, the provider's surplus for the fiscal year is the provider's net operating income for its housing projects for the fiscal year determined under subsection (5).

(3) If subsection (2) does not apply and if the amount determined using the following formula is positive, the housing provider's surplus for the fiscal year is the amount determined using the following formula,

$$\text{NetOpInc} + \text{AccSur} - \text{Amt}(\$300)$$

in which,

“NetOpInc” is the provider’s net operating income for its housing projects for the fiscal year determined under subsection (5),

“AccSur” is the provider’s accumulated surplus in respect of its housing projects at the beginning of the fiscal year determined under subsection (6), and

“Amt(\$300)” is the product of \$300 multiplied by the average number of the housing provider’s units in the fiscal year.

(4) If neither subsection (2) nor (3) applies for the fiscal year, the housing provider’s surplus for the fiscal year is nil.

(5) For the purposes of this section, the net operating income of a housing provider for a fiscal year for its housing projects is the amount by which its revenue for the fiscal year from those projects determined under subsection 16 (1), exceeds its operating costs for the fiscal year with respect to those projects determined under subsection 16 (2).

(6) For the purposes of this section, a housing provider’s accumulated surplus in respect of its housing projects at the beginning of a fiscal year is the portion of its retained earnings at the end of the previous fiscal year determined in accordance with generally accepted accounting principles as they apply to social housing, that can reasonably be considered to be derived from its housing projects.

#### Market rent index

10. (1) For the purposes of sections 6, 7 and 8, the market rent index applicable for a fiscal year to a housing provider’s housing projects is the lesser of,

(a) the guideline published under subsection 120 (3) of the *Residential Tenancies Act, 2006*; and

(b) the percentage change in the average rent for rental units, as determined under subsection (2).

(2) For the purposes of clause (1) (b), the percentage change in the average rent for rental units is determined using the following formula, rounded to the first decimal point:

$$(\text{AvRentRecent}/\text{AvRentPrior} - 1) \times 100$$

in which,

“AvRentRecent” is the number indicated in the edition of the Rental Market Report for fall of the second calendar year before the year in which the fiscal year begins, published by the Canada Mortgage and Housing Corporation, as the “Total” average rent for a “Private Apartment” or “Private Row (Townhouse)”, as the case may be, and for a census metropolitan area centre, census agglomeration centre or a zone, as the case may be, and

“AvRentPrior” is the number indicated in the report published one year before the report referred to in “AvRentRecent” that corresponds to the number determined under “AvRentRecent”.

(3) If the Rental Market Report does not provide data required for the calculation of “AvRentRecent” or “AvRentPrior”, then “AvRentRecent” or “AvRentPrior”, as the case may be, is equal to the number indicated in the Rental Market Report as the “Total” average rent for the census metropolitan area centre or census agglomeration centre, as the case may be, or, if that data is not available, for Ontario.

### PART III

#### DETERMINATION OF SUBSIDY — CERTAIN RENT-GEARED-TO-INCOME PROJECTS

##### Application of Part

11. This Part applies with respect to the subsidy that a service manager pays a housing provider if the housing provider is set out in the Schedule opposite the service manager.

##### Determination under this Part

12. If this Part applies, the amount of the subsidy for a fiscal year that a service manager shall pay a housing provider shall be determined using the following formula,

$$\text{IBOpCosts} + \text{SMCosts} - \text{Rev} + \text{PTx} - \text{Sur}$$

in which,

“IBOpCosts” is the provider’s indexed benchmark operating costs for the fiscal year in respect of its housing projects determined under section 13,

“SMCosts” is the provider’s shelter mortgage costs for the fiscal year in respect of its housing projects determined under section 15,

“Rev” is the provider’s revenue for the fiscal year in respect of its housing projects determined under subsection 16 (1),

“PTx” is the property taxes payable by the provider for the fiscal year in respect of its housing projects, and

“Sur” is the amount equal to 50 per cent of the provider’s surplus for the fiscal year in respect of its housing projects determined under section 14, or such lesser amount as the service manager may determine.

#### Indexed benchmark operating costs

**13.** (1) For the purposes of section 12, the housing provider’s indexed benchmark operating costs for a fiscal year in respect of its housing projects is the amount determined by,

- (a) calculating the indexed benchmark operating cost for the fiscal year for each item listed in the Table to this subsection by,
  - (i) expressing as a decimal number the operating cost index for the item for the fiscal year, as determined by the Minister under subsection (2),
  - (ii) adding one to the number determined under subclause (i), and
  - (iii) multiplying the indexed benchmark operating cost for the item for the prior fiscal year by the number determined under subclause (ii); and
- (b) calculating the sum of the indexed benchmark operating costs determined under clause (a) for all the items.

(2) For the purposes of subclause (1) (a) (i), the operating cost index for an item listed in the Table to subsection (1) is determined by,

- (a) dividing the index listed in the Table opposite the item for May of the calendar year before the year in which the fiscal year begins by that index for May of the calendar year before that;
- (b) subtracting one from the number determined under clause (a); and
- (c) expressing the number determined under clause (b) as a percentage.

(3) To reflect a change in the circumstances of a housing provider, the Minister may, after consulting with the housing provider and the service manager, determine a different indexed benchmark operating cost for the fiscal year for an item to be used instead of what would otherwise be calculated under clause (1) (a).

#### Surplus

**14.** (1) For the purposes of section 12, the housing provider’s surplus for a fiscal year in respect of its housing projects is the amount determined under this section.

(2) If the housing provider’s accumulated surplus in respect of its housing projects, determined under subsection (5), at the beginning of the fiscal year or the beginning of any previous fiscal year for which the service manager paid the housing provider a subsidy under section 78 of the Act or section 102 of the former Act is equal to or greater than the product of \$300 multiplied by the number of units in the provider’s housing projects at the beginning of the fiscal year or that previous fiscal year, as the case may be, the provider’s surplus for the fiscal year is the amount determined using the following formula:

$$\text{IBOpCosts} - \text{OpCosts}$$

in which,

“IBOpCosts” is the provider’s indexed benchmark operating costs for the fiscal year in respect of its housing projects determined under section 13, and

“OpCosts” is the provider’s operating costs for the fiscal year in respect of its housing projects determined under subsection 16 (2).

(3) If subsection (2) does not apply and if the amount determined using the following formula is positive, the housing provider’s surplus for the fiscal year is the amount determined using the following formula,

$$\text{IBOpCosts} - \text{OpCosts} + \text{AccSur} - \text{Amt}(\$300)$$

in which,

“IBOpCosts” is the provider’s indexed benchmark operating costs for the fiscal year in respect of its housing projects determined under section 13,

“OpCosts” is the provider’s operating costs for the fiscal year in respect of its housing projects determined under subsection 16 (2),

“AccSur” is the provider’s accumulated surplus in respect of its housing projects at the beginning of the fiscal year determined under subsection (5), and

“Amt(\$300)” is the product of \$300 multiplied by the average number of the housing provider’s units in the fiscal year.

(4) If neither subsection (2) nor (3) applies for the fiscal year, the housing provider’s surplus for the fiscal year is nil.

(5) For the purposes of this section, a housing provider’s accumulated surplus in respect of its housing projects at the beginning of a fiscal year is the portion of its retained earnings at the end of the previous fiscal year determined in accordance with generally accepted accounting principles as they apply to social housing, that can reasonably be considered to be derived from its housing projects.

#### PART IV COMMON RULES

##### Shelter mortgage costs

**15.** For the purposes of sections 5 and 12, the housing provider’s shelter mortgage costs for a fiscal year in respect of its housing projects is the total amount of principal and interest payable by the provider for the fiscal year, where such payments are,

1. Revenue derived from the parts of the housing projects allocated to residential accommodation.
2. Revenue related to facilities used for ancillary purposes.
3. Revenue derived from the use of parking areas, exterior grounds, external building walls and roofs.

1. Administration and maintenance expenses.
2. Insurance premiums.
3. Bad debt expenses.
4. Utility costs, including electricity, fuel, water and sewer charges.
5. Contributions to the housing provider’s capital reserve.

(3) For the purposes of this section, gifts and donations made to a housing provider are not revenue of the housing provider.

**17.** (1) All amounts that are not whole numbers that are used in calculations under this Regulation or that result from calculations under this Regulation must be rounded to two decimal places, unless otherwise indicated.

(2) Subsection (1) does not apply when a percentage is expressed as a decimal number.

**PART V**

**Résumé de la consommation annuelle d'énergie et des émissions annuelles de gaz à effet de serre**

5. (1) Sous réserve du paragraphe (2), le résumé de la consommation annuelle d'énergie et des émissions annuelles de gaz à effet de serre de l'organisme public doit inclure un énoncé de la consommation d'énergie et des émissions de gaz à effet de serre pour l'année à l'égard de chacune des activités de l'organisme qui sont indiquées dans le tableau 1 du présent règlement pour le type d'organisme public auquel l'organisme appartient et qui sont menées dans des bâtiments ou des installations dont l'organisme est propriétaire ou locataire qui, selon le cas :

- a) sont chauffés ou refroidis et dont la consommation d'énergie est facturée à l'organisme, qui est responsable des paiements y afférent;
- b) se rapportent au traitement ou au pompage de l'eau ou des eaux usées, qu'ils soient ou non chauffés ou refroidis, et dont la consommation d'énergie est facturée à l'organisme, qui est responsable des paiements y afférent.

7. (1) Pour l'application de l'article 5, les revenus de référence indexés du fournisseur de logements pour un exercice donné à l'égard de ses ensembles domiciliaires sont calculés selon la formule suivante :

$$\text{RevRI}(\text{LoyMar}) - \text{PertesInoRI} + \text{RevNonLocR}$$

- b) soit fixer, pour l'exercice, un montant différent de celui qui serait normalement calculé en application du paragraphe (2) ou (3).

#### Subside pour loyer indexé sur le revenu

8. (1) Pour l'application de l'article 5, le subsidy pour loyer indexé sur le revenu payable au fournisseur de logements pour un exercice donné à l'égard de ses ensembles domiciliaires est calculé selon la formule suivante :

$$\text{LoyMar} - \text{LoyLIR}$$

où :

«LoyMar» représente la moins élevée des sommes suivantes :

#### Excédent

9. (1) Pour l'application de l'article 5, l'excédent du fournisseur de lo ements pour un exercice donné à l'é gard de ses ensembles domiciliaires est calculé en application du présent article.

(2) Si l'excédent accumulé du fournisseur de lo ements à l'é gard de ses ensembles domiciliaires, calculé en application du paragraphe (6), au début de l'exercice ou au début d'un exercice antérieur pour lequel le prestataire de services a versé un subside au fournisseur de logements en application de l'article 78 de la Loi ou de l'article 102 de l'ancienne loi est égal ou supérieur au produit de 300 \$ multiplié par le nombre de ses lo ements qui se trouvent dans des ensembles domiciliaires au début de l'exercice ou de l'exercice antérieur, selon le cas, l'excédent du fournisseur pour l'exercice correspond à son revenu net d'exploitation à l'é gard de ses ensembles domiciliaires pour l'exercice visé, calculé en application du paragraphe (5).

(3) Si le paragraphe (2) ne s'applique pas et que le montant calculé à l'aide de la formule suivante est positif, l'excédent du fournisseur de lo ements pour l'exercice est calculé à l'aide de la formule suivante :

$$\text{BenEx} + \text{ExcAcc} - \text{Mont}(300 \$)$$

où :

«BenEx» représente le revenu net d'exploitation du fournisseur pour l'exercice à l'é gard de ses ensembles domiciliaires calculé en application du paragraphe (5);

«ExcAcc» représente l'excédent accumulé du fournisseur à l'é gard de ses ensembles domiciliaires au début de l'exercice calculé en application du paragraphe (6);

«Mont(300 \$)» représente le produit de 300 \$ multiplié par le nombre moyen de lo ements du fournisseur pendant l'exercice.

(4) Si ni le paragraphe (2) ni le paragraphe (3) ne s'applique pour l'exercice, l'excédent du fournisseur de lo ements est de zéro.

(5) Pour l'application du présent article, le revenu net d'exploitation du fournisseur de lo ements pour un exercice donné à l'é gard de ses ensembles domiciliaires représente l'excédent de ses revenus pour l'exercice à l'é gard de ces ensembles, calculés en application du paragraphe 16 (1), sur ses frais d'exploitation pour l'exercice à l'é gard de ces ensembles, calculés en application du paragraphe 16 (2).

(6) Pour l'application du présent article, l'excédent accumulé du fournisseur de lo ements à l'é gard de ses ensembles domiciliaires au début d'un exercice donné est la part de ses bénéfices non répartis à la fin de l'exercice précédent, calculés conformément aux principes comptables généralement reconnus tels qu'ils s'appliquent au lo ement social, qui peut raisonnablement être considérée comme provenant de ses ensembles domiciliaires.

#### Indice des loyers du marché

10. (1) Pour l'application des articles 6, 7 et 8, l'indice des loyers du marché applicable pour un exercice donné aux ensembles domiciliaires du fournisseur de lo ements correspond au moins élevé des taux suivants :

- b) le taux de variation, calculé conformément au paragraphe (2), du loyer moyen des lo ements locatifs.

(2) Pour l'application de l'alinéa (1) b), le taux de variation du loyer moyen des lo ements locatifs est calculé selon la formule suivante et arrondi à la première décimale :

$$(\text{LoyMRec}/\text{LoyMAnt} - 1) \times 100$$

où :

«LoyMRec» représente le nombre indiqué dans l'édition d'automne du Rapport sur le marché locatif, publié par la Société canadienne d'hypothèques et de logement, de la deuxième année civile précédant l'année pendant laquelle commence l'exercice, comme le loyer moyen de «Tous les logements» pour un «appartement d'initiative privée» ou une «maison en rangée d'initiative privée», selon le cas, et pour le centre d'une région métropolitaine de recensement, le centre d'une agglomération de recensement ou une zone, selon le cas;

«LoyMAnt» représente le nombre indiqué dans le rapport publié l'année précédant celui visé dans «LoyMRec» qui correspond au nombre déterminé en «LoyMRec».

(3) Si le Rapport sur le marché locatif ne fournit pas les données nécessaires au calcul de «LoyMRec» ou de «LoyMAnt», alors «LoyMRec» ou «LoyMAnt», selon le cas, est égal au nombre indiqué dans ce rapport comme le loyer moyen de «Tous les logements» pour le centre d'une région métropolitaine de recensement ou d'une agglomération de recensement, selon le cas, ou pour l'Ontario, si ces données ne sont pas connues.
